

Trello Proposal for Fresh Pack Industries

Prepared for: Fresh Pack Industries

Prepared by: Collaboration Tools Consultant

Overview:

Trello is a flexible project management tool designed to help teams organize, prioritize, and collaborate effectively. It offers a variety of pricing plans suitable for small businesses, growing companies, and enterprise-level organizations. The following table outlines Trello's pricing tiers and their key features.

Plan	Price (per user/month)	Key Features
Free	\$0	• Up to 10 boards per workspace • Unlimited cards and Power-Ups • 10MB/file storage limit • 250 workspace commands/month • Custom backgrounds & stickers • iOS and Android apps • 2-factor authentication
Standard	\$5	• Everything in Free, plus: • Unlimited boards • Card mirroring and custom fields • Advanced checklists • List colors and collapsible lists • 250MB/file storage limit • 1,000 workspace commands/month • Saved searches
Premium	\$10	• Everything in Standard, plus: • Atlassian Intelligence (AI) • Views: Calendar, Timeline, Table, Dashboard, Map • Unlimited command runs • Workspace-level templates • Data export and admin features
Enterprise	\$17.50 (for 50+ users)	• Everything in Premium, plus: • Enterprise-grade security • Organization-wide permissions • Power-Up administration • Public board management • Multi-board guests • Free SSO & user provisioning with Atlassian Guard

Recommendation:

For Fresh Pack Industries, the ****Premium Plan**** is highly recommended. It provides AI-powered productivity, advanced views for better project tracking, and full administrative control. This plan ensures effective collaboration and visibility across all teams.

Conclusion:

Trello empowers teams to collaborate visually and efficiently. Its intuitive interface, automation features, and integrations make it ideal for Fresh Pack Industries to enhance productivity, streamline workflows, and maintain organized project oversight.
