3. Recommended Plan for Fresh Pack Industries

For **Fresh Pack Industries**, the **Google Workspace Standard Plan** is recommended. It offers a strong balance between affordability, productivity, and collaboration. With AI-powered tools, 2 TB of storage per user, and advanced meeting capabilities, it supports efficient workflow and secure data management for teams of 6–8 users.

Key Advantages:

- Comprehensive communication and document management tools.
- Affordable for medium-sized teams.
- Scalable for future organizational growth.
- AI-enhanced features to boost productivity.
- Reliable Google-level security and support.

4. Summary

This proposal aims to guide Fresh Pack Industries in selecting a Google Workspace plan that enhances collaboration and operational efficiency. The recommended plan ensures cost-effectiveness and scalability while maintaining security and productivity for the team.
