

Microsoft Teams Proposal for Fresh Pack Industries

This proposal has been prepared for **Fresh Pack Industries** to help select the most suitable Microsoft Teams or Microsoft 365 subscription plan. Based on the company's requirement of **6–8 users**, this document provides detailed pricing, feature comparison, and a professional recommendation for the best option.

1. Microsoft Teams Plan Comparison

Plan Name	Price (Per User/Month)	Max Users	Total (6 Users)	Total (8 Users)
Microsoft Teams Essentials	\$4.00 (paid yearly)	Up to 300	\$24/month	\$32/month
Microsoft 365 Business Basic	\$6.00 (paid yearly)	Up to 300	\$36/month	\$48/month
Microsoft 365 Business Standard	\$12.50 (paid yearly)	Up to 300	\$75/month	\$100/month

2. Plan Details and Key Features

Microsoft Teams Essentials

- Chat, call, and video conferencing.
- Real-time collaboration with file sharing and tasks.
- Meeting recordings with transcripts and captions.
- 10 GB cloud storage per user.
- Data encryption for meetings, chats, and files.
- Anytime phone and web support.

Microsoft 365 Business Basic

- Everything in Teams Essentials, plus:
- Access management for up to 300 users.
- Web and mobile versions of Word, Excel, PowerPoint, and Outlook.
- 1 TB of OneDrive cloud storage per user.
- 10+ additional Microsoft apps (Bookings, Planner, Forms).
- AI writing and analysis assistance.
- Spam and malware protection.

Microsoft 365 Business Standard

- Everything in Business Basic, plus:
- Desktop, web, and mobile Office apps.
- Webinar hosting and attendee reporting.
- Collaboration using Microsoft Loop.
- Video editing with Microsoft Clipchamp.
- Advanced admin and business tools.

3. Recommended Plan for Fresh Pack Industries

After evaluating all available options, the **Microsoft 365 Business Basic** plan is recommended for Fresh Pack Industries. It offers the right balance between functionality and cost efficiency. With 6–8 users, this plan ensures seamless communication, document management, and productivity through Microsoft Teams and web-based Office applications.

Key Benefits for Fresh Pack Industries:

- Cost-effective for small teams.
- Centralized communication and collaboration.
- 1 TB of secure cloud storage per user.
- Access to core Office applications via browser.
- Reliable Microsoft support and data protection.

4. Summary

This proposal is prepared by the Project Coordinator / Consultant to assist Fresh Pack Industries in selecting the most appropriate Microsoft Teams or Microsoft 365 plan. The recommendation ensures that the team can collaborate efficiently, securely, and within budget.
